OUR STORY

Gwyneth's Gift Foundation is a 501(c)3 non-profit organization committed to saving lives through education and action. Our mission is to create a **Culture of Action** and empower communities with the knowledge, confidence, and skills necessary to perform life-saving techniques in emergency situations.

We were founded in honor of Gwyneth Griffin, a Stafford teen who passed away in 2012 after collapsing on the track at school. Early and sustained CPR could have saved her life, and it is our mission to serve as a catalyst for increasing the survival rate of those who suffer from sudden cardiac arrest.

YES! I WANT TO PARTNER TODAY!

Thank you for sponsoring! Your partnership allows us to educate the public on the importance of Hands-Only CPR, and place additional AEDs in the community and across the Commonwealth.
